Dear Mr. Barnes:

In accordance with the provisions of Title 14, Code of Federal Regulations (14 CFR), part 21, Certification Procedures for Products, Articles, and Parts, subpart K, the FAA has found that the design data, based on a licensing agreement submitted by Dassault Aviation, with your letter dated July 26, 2017, meets the airworthiness requirements of the regulations applicable to the products on which the articles are to be installed. Additionally, the FAA has determined that NORDAM has established the quality system required by § 21.307 at 6911 N. Whirlpool Dr. Tulsa, Ok 74117. Accordingly, Parts Manufacture Approval (PMA) is hereby granted for production of the replacement articles listed in the enclosed Supplement No. 17.

You are reminded that the provisions of 14 CFR parts 21 and 45, noted in our PMA letter approval dated September 01, 2014, also apply to the enclosed PMA Listing Supplement No. 17. The enclosed supplement should be retained with the original PMA letter as evidence of approval to produce the articles concerned.
