

## ePAYABLES PROGRAM

TO GET STARTED  
with ePAYABLES today,  
contact us at [cardservices@NORDAM.com](mailto:cardservices@NORDAM.com).

### HERE'S HOW IT WORKS:

NORDAM will provide you with a credit card account number to keep on file. If you are unable to keep one on file, it will be sent to you every time a payment is issued.

This card has unique security features, with \$0 of available funds until an invoice is approved for payment.

Once that happens, an electronic remittance advice will be sent via e-mail, along with approval to charge the card for that amount.

All we need to get started is your e-mail address (preferably a group e-mail address), so we know where to send your card information and remittance advices.

NORDAM ePayables  
is a VISA credit card program.

#### Reduced Processing Time

ePayables can lower your payment terms by 15 days.

#### Enhanced Security

You'll no longer need to give out bank information for ACH payments.

#### Expedited Receipt of Payment

With ePayables, your card is run immediately upon receipt of remittance advice. Compare that to other methods of payment:

- > ACH – Receive money two (2) business days after remittance advice is received.
- > Check – Receive money once check is received in mail and processed through your bank.
