1.0 Table of Contents

- 1.0 Table of Contents
- 2.0 Scope
- 3.0 Evaluation and approval of additional capabilities
- 4.0 Electronic capabilities list
- 5.0 Record of revisions

2.0 Scope

The overhaul, repair, inspection, alteration, and modification of components will be performed per current FAA regulations in accordance with approved data such as OEM, NORDAM and customer. Victorville may perform work and ship a component that is added to Table 1 in accordance with paragraph 3.0 prior to FAA acceptance.

Note: Victorville will not return to service a component for which it is not rated.

3.0 Evaluation and approval of additional capabilities:

The capability evaluation checklist will be utilized to verify and approve additions to the capabilities list, insuring that the Victorville Division complies with the requirements to perform the overhaul, repair, inspection, alteration, and modification of components as rated on their FAA

Air Agency Certificate. The revised capabilities list will be submitted quarterly to the FAA for acceptance.

4.0 Electronic capabilities list:

The capabilities list will be maintained on the secure NORDAM intranet. However, the page containing FAA approval will be maintained by Quality.

5.0 Record of revisions
