FORWARD

This manual has been developed in conjunction with and supplementary to the NORDAM Europe Ltd. (NEL) EASA Maintenance Organisation Exposition (MOE), ref. NEL/EXP/3.

It is the sole definitive document for detailing the capabilities of NEL and should be read in conjunction with the scope as defined in Section 1.9 (Scope of Work) of the MOE.

The Quality Manager is responsible for the control of this manual and ensuring that no work is contracted for maintenance at NEL until qualified.

It is understood that no maintenance will be carried out and released in contravention of EASA Part 145.A.70, 145.A.75, 145.A.80. This manual represents EASA Part 145 approval maintenance capability only.

REVISION RECORD

Issue No.	Revision Date	
1	31-Mar-21	Initial release of this EASA part 145 capability manual, compiled from the previous UKCAA approved version (NEL/CAP/LISTING/1) Issue 37- dated 01 Oct 2020
2	03-Nov-21	
3	14-Jun-22	
4	26-Sep-22	
5	22-Nov-22	
6	13-Apr-23	
7	18-Oct-23	Complete revision of manual to comply with format of EASA UG.CAO.00024-009 Section 1.9.3 (Component Maintenance)
8	28-Dec-23	Minor changes additional Part Nos added to existing products only
9	15-Aug-24	Current revision. Change to EASA Approval No following implementation of SMS into Part 145. Minor changes relating to additional Part Nos added to existing products only
10	25-Feb-25	Current revision. Minor changes additional Part Nos added to existing products only
11	04-Feb-26	Current revision. Minor changes additional Part Nos added to existing products only
